Consent for Treatment

I, _____, authorize the providers at Crossroads Family Dentistry, to perform any necessary dental services with my informed consent and assume all risks associated with treatment in the hope of achieving better dental and physical health.

I understand there are certain risks associated with the use of local anesthetic which can lead to bruising, muscle soreness, cardiac stimulation, and temporary or even permanent numbness to the lips or tongue. After lengthy appointments jaw muscles may be sore or tender. Gums and soft tissues may also be sensitive or painful during or after treatment. Although rare, it is possible for the tongue, cheeks, or other oral tissues to be inadvertently abraded or lacerated during routine dental procedures.

I understand, that as part of dental treatment items including, but not limited to, crowns, small dental instruments, drill components, and the like, may be aspirated or swallowed. This unusual situation may require a series of x-rays to be taken by a physician or hospital and may in rare cases, require sophisticated medical procedures by a licensed physician to remove safely.

Office Financial Policy

Our office provides insurance benefits checks, as well as claim submission, as a courtesy to our patients. We work for the health of our patients, not to benefit their insurance company. Therefore we help our patients maximize their insurance benefits; however we do not guarantee that all services recommended will be covered by your particular insurance plan.

1. Co-payments for services rendered are due at time of service.
2. We accept cash, personal checks, and all major credit cards.
3. We offer Care Credit as a courtesy to our patients, however rules and regulations apply.
4. For returned or canceled checks, a fee of $40 will be applied to your account.
5. As a courtesy to patients who may be waiting for an appointment, our office has *cancelation fee of $50*, for missed or failed appointments. This fee applies when:
    a. An appointment is canceled with less than 48 hours notice
    b. An appointment is missed without first alerting the office (no show, no call).
6. If you fail 3 or more appointments in a 12 month period, you may be dismissed from the practice. An appointment will be considered “failed” if:
    a. An appointment is canceled with less than 24hours notice repeatedly
    b. A patient no show’s for scheduled appointments

I, _____, authorize Crossroads Family Dentistry to bill my dental insurance, and use my personal health information as necessary for billing purposes. I request my dental insurance to pay Crossroads Family Dentistry directly for services rendered. I understand that my dental insurance carrier may pay less than the actual bill for services, and that I am ultimately responsible for payment of dental services rendered on my behalf.

I understand that co-payments are due at time of services rendered, in full, unless prior arrangements have been made, and documented.

I understand the above listed cancelation/failed appointment policy, and will do my utmost to comply.
