

Financial Policy

Thank you for choosing to visit us at Bagley Dental. It is our mission is to give you quality dental care in a kind manner using the best materials available. In order to do so, we need to make sure that you understand our financial policy.

Patients with Dental Insurance:

For patients with dental insurance we will work with your carrier to maximize your dental benefits and directly bill them for reimbursement for your treatment. It is important for you to know that most insurance plans do *not* pay 100% of dental expenses. At each visit our computer system estimates what your dental insurance will pay and calculates what your estimated portion will be. **Each time you are seen at our office your calculated portion is due when you check out at the front desk.** Once your dental insurance has paid their portion, any remaining balance will be due in full. Payment can be made using Cash, Personal Check, Visa, MasterCard or Care Credit. We charge \$20 for any returned check.

Patients without Dental Insurance:

For patients without dental insurance **the total charges for that visit are due in full at the time of treatment.** Payment can be made using Cash, Personal Check, Visa, MasterCard or Care Credit. We offer a 5% discount for payment in full with either Cash or Personal Check. We charge \$20 for any returned check.

Notice to all Adult Patients:

We do not participate in the Adult Medicaid Dental Program (DSHS) and we do not accept the Medical Coupon for patients ages 21 and over. By signing below you are acknowledging that you have read this notification and you have been informed of such.

If you have any questions about the details of our financial policy, please ask our dental receptionists.
