November 6, 2012

Welcome,

We are very happy to welcome you to our dental practice and want you to know that we appreciate the chance to take care of you and your family. Our office is focused on providing you with high quality, gentle, dental care.

During your first visit, the Doctor will examine your teeth, perform an oral cancer exam, review necessary x-rays and make an assessment of your oral condition. Our staff members will assist the doctor in completing your oral health evaluation and you will be meeting several members of our dental team.

If it is discovered that you need any additional care, a treatment plan and estimate will be prepared for you prior to beginning any procedures. You will have the chance to review recommended treatment and ask questions.

Enclosed you will find health history, patient information and hippa forms for you to complete before your first visit. Please complete and bring with you.

If you have any dental insurance, please bring your insurance card with you. We will be happy to bill your dental insurance for you.

Thank you for choosing our office. We are looking forward to meeting you.

Sincerely,

Dr. Capsey
