

Insurance Coverage

*We are more than happy to submit your insurance claims as a courtesy to you. We can bill most insurance companies as long as your contract states that you may see the provider of your choice. We are contracted with United Concordia, the nationwide Delta network including Washington Dental Service and beginning in early 2012 we will become a provider for the Metlife Dental Program. It is important to understand that insurance companies do not guarantee coverage until claims are received and will process according to their individual guidelines and fee schedules. We strive to provide accurate estimates however, we recommend that you become familiar with your insurance policy including your benefit package and restrictions prior to your visit. You will be financially responsible for any remaining portion following the receipt of insurance payments. If you need assistance with the translation of your policy please let us know. We are happy to help!

In regards to Washington Dental Service We have had several patient inquiries following recent negative media attention regarding the relationship between Washington dentists and WDS due to significant fee cutbacks in June of 2011. We feel very strongly that the valued relationships we have with our patients outweigh the setbacks we will suffer from the fee decreases. We **are** preferred providers for Washington Dental Service and plan to remain in network pending any further changes.

Payment Options
