

Insurance for Auto Dealerships

Automobile dealerships have a diverse set of insurance needs. Professional insurance experts are able to assess the risks inherent to all aspects of your business and then make insurance recommendations.

OUR SOLUTIONS ARE PROVEN

At RiskPoint, we understand the insurance needs of automobile dealerships from single to multi franchise dealers. Our extensive experience and depth of knowledge make us uniquely qualified to provide you with skilled assessments of your insurance needs, both in terms of the types of coverage you should have along with identification of areas where you may need more or less coverage than is typical.

RiskPoint Insurance Advisors has access to more “A” rated markets for auto dealers than any other independent insurance agency in the Northwest.

RISK MANAGEMENT FOR AUTO DEALERSHIPS

Insurance starts and ends with effective risk management. RiskPoint Insurance Advisors have the expertise to help you lower the cost of your insurance and more importantly help you lessen the direct and indirect costs related to workplace injuries and accidents. We take great pride in our ability to develop and help implement plans, procedures and programs that increase safety and security thus helping you have a more efficient and effective business operation.
