

MASSACHUSETTS ASSOCIATION
OF ENDODONTISTS
affiliate

District I Component of the American Association of Endodontists

*IS PLEASED TO INVITE YOU TO ATTEND THE
2018 MAE FALL MEETING LECTURE
November 5, 2018*

**“The Big Hole at the End of Maxillary Molars and Use of Megadata in Healthcare,
Dentistry and Endodontics.”**

By Patrick Taylor, DDS

Dr. Patrick Taylor is the president of the American Association of Endodontists and lives in the Pacific Northwest. His career spans 21 years in the US Navy Dental Corps and 18 years in private practice in Bellevue, Washington. He earned his DDS from UC San Francisco and his Certificate in Endodontics from the University of Washington, where he maintains an active faculty appointment, teaching part time in the graduate endodontics clinic. He is a past president of the American Board of Endodontics. Fellowships include the American College of Dentists, International College of Dentists, Pierre Fauchard Academy and OKU. Active in the Community, Dr. Taylor is a member and past president of the Bellevue Rotary Club and the King County Dental Society. He is an avid reader and supporter of the King County Library System, serving on the KCLS Foundation Board and is a past president of that board. Rick and his wife Frances live in Kirkland and enjoy walking, gardening and cooking.

Dr. Taylor has no past proprietary or relevant financial relationship or receives gifts in kind (including soft intangible remuneration), consulting position or affiliation, or other personal interest of any nature or kind in any product, service, course and/or company, or in any firm beneficially associated therewith.

Lecture description:

The Big Hole at the End of Maxillary Molars

What an endodontist needs to know about the maxillary sinus and what ENT physicians need to know about endodontics – strategies to maintain sinus health, and opportunities for collaboration with our ENT colleagues. After fearing the sinus early in his endodontic career, Dr. Taylor got together with an ENT in his practice area and became much more comfortable within and around the space.

Use of Megadata in Healthcare, Dentistry and Endodontics

What does an endodontist need to know about changes in data accumulation and analysis in research and the healthcare marketplace, and how it will affect practices in the years to come.

Learning objectives: At the end of the session the attendee should be able to:

1. Describe the anatomy and physiology of the maxillary sinus.
2. Identify the effects of endodontic pathosis on the sinus.
3. Identify the effects of sinus pathosis on the signs and symptoms of pulpal and periapical inflammation.
4. Describe changes in data accumulation and analysis and how they could, and are, affecting the practice of endodontics.
5. Identify trends in data analysis.

Date: **Monday, November 5, 2018**

Location: **Hilton Dedham, 25 Allied Dr, Dedham, MA 02026**

Time: **6:00 PM Cocktails and Dinner**

7:00 – 9:00 PM Lecture

CE credits: 2 CEU

Registration: MAE Members \$60 (\$63.09 w/service fee)
Post-Graduate Students \$35 (\$37.22 w/service fee)
Non-members \$90 (\$94.14 w/service fee)

Please **register online** * and make dinner selection at:

<http://massendo.bpt.me>

Online registration closes on October 31st, 2018

**A limited number of tickets are available at the door: MAE Members \$90, Post-Graduate Students \$50, Non-members \$120*

Cancellation / Refund policy: Registration fee will be refunded in full less service fees if the MAE receives written notification of cancellation by October 27, 2018.

Questions: please write to us at: massendodontists@gmail.com

There are no course prerequisites for this event.
