Your Gift Can Make A Difference

PIERCE COUNTY DENTAL FOUNDATION

Dedicated to oral health and education

The **Pierce County Dental Foundation** is a nonprofit, charitable organization formed in 2003 by members of the Pierce County Dental Society. Since its inception, the Foundation has raised and dispersed funds to numerous nonprofit organizations in Pierce County dedicated to oral health and education.

In addition, a considerable amount of funds raised through the Foundation are used by the **Pierce County Dentists Care** program to provide care to the area's underserved populations.

The Internal Revenue Service recognizes the Pierce County Dental Foundation as a tax-exempt 501(c) 3 charitable organization. Contributions to the Foundation by individuals, corporations or other foundations are fully deductible.

PIERCE COUNTY DENTISTS CARE

Serving Pierce County citizens in need

Pierce County Dentists Care was established in 2004 by the **Pierce County Dental Foundation** and the **Pierce County Dental Society** to meet the oral health needs of underserved children and adults in the community.

Candidates for the program are identified and referred through school screenings and by local agencies. Participants are then placed with one of many Pierce County dentists who have volunteered to provide emergency care and services.

Monetary donations help offset the costs to run the program.

PIERCE COUNTY DENTAL ENDOWMENT

Leave your imprint on the future of dentistry

The **Pierce County Dental Endowment** was created in 2016 to help sustain the **Pierce County Dental Foundation's** good work into the future. A reliable income stream will help the Foundation concentrate less on raising money and more on what's important—funding critical dental health programs and providing financial support to deserving dental professionals. Please join us in this endeavor to ensure a brighter, healthier future for Pierce County.

However you choose to give to the Pierce County Dental Foundation Endowment—through a charitable bequest in a will or trust, a monthly or annual gift, or a periodic donation—your contribution will leave a lasting imprint on the future of dentistry and the citizens of Pierce County.
