Going the distance to make a difference.
Oregon's dirty little secret.

On any given day more than 5,000 Oregon children are suffering from dental pain or infection affecting their ability to learn, eat and stay healthy.

Nearly 44,000 children need treatment for tooth decay, and 9% of our first graders have never been to the dentist.

Less than 35% of our children enrolled in Medicaid receive any care at all, and fewer than 25% of Oregonians have community water fluoridation compared with nearly 75% of people nationwide.

If dental disease is 100% preventable, why is this happening in Oregon?

SOURCE: Oregon Department of Human Services
Smile Survey, Pew Center on the States
Our vision.

We see an Oregon where all children have healthy smiles—where every child understands the importance of good oral hygiene and has access to quality dental care.
Our mission: Improving oral health for Oregon’s children.

How we help.

The Dental Foundation of Oregon (DFO) is the charitable arm of the Oregon Dental Association, and we work to improve the oral health of uninsured and underserved children in Oregon.

We help eliminate the economic, geographic and cultural barriers to care by delivering free care and oral health education on our mobile dental clinic, affectionately called the Tooth Taxi.

We support non-profit dental programs statewide that are critical health care safety nets in many communities, and we promote the importance of oral hygiene, community water fluoridation, and access to dental care for all children.

In 2010, the need for dental services was tremendous. The Tooth Taxi visited every corner of the state providing free care and oral health education to thousands of underserved children. You can read about the Tooth Taxi and our volunteers in this report. We also feature a few of the nonprofit dental programs we supported during the year that are doing outstanding work in their communities.

We are able to advocate for children’s oral health, “fuel” the Tooth Taxi and help nonprofit dental clinics because of the generosity of many donors and volunteers. We thank them for their support, and we are pleased to acknowledge them in this report.

Thank you for helping to make a difference in 2010, and for your commitment to improving the oral health of underserved children in Oregon.

Patrick Nearing, DMD
President of the DFO Board

Charles (Charlie) LaTourette
Executive Director
Reaching far and wide.

The Tooth Taxi was very busy in 2010 making 48 school/site visits in communities all over the state. Thanks to our unique partnership with OEA Choice Trust and ODS, the mobile dental clinic is making a real difference for children.

Our full-time dentist and staff spend up to a week at each school providing comprehensive and preventive care and oral health education on the van and in the classroom.

Often front page news in local newspapers, the Tooth Taxi is helping to raise awareness of the oral health challenge in Oregon. In fact, reporters and even legislators have told us, “I had no idea that Oregon children suffered such high rates of dental disease.”

Along with increasing awareness of the problem, the Tooth Taxi is a critical component of the broader solution helping to reach children who do not have access to care. We serve thousands of children with immediate needs, and provide many more children with oral health education that gives them the knowledge they need to maintain good oral health for life.
Lakeview, the “Tallest town in Oregon,” sits at an elevation of 4,800 feet in rural southeastern Oregon. Volunteer Dr. Mike Goger and the Tooth Taxi team visited Fremont and Hay elementary schools and screened 71 children, delivered in-classroom oral health education to 282 students, treated 42 children on the van and delivered $24,211 in donated dental services.

WOODBURN

Volunteer dentist Dr. Cristina Rust treated a range of students at Washington Elementary school in Woodburn, including one 16 year old boy who had never been to the dentist.

Woodburn site visit: 98 children screened, 121 children received in-classroom oral health education, 57 children treated on the van, $27,998 in donated dental care.
Nyssa is on the Snake River in northeastern Oregon near the Idaho border. One first grader reported, “My cousin only has three teeth left ‘cause she drinks a lot of soda pop.”

Dr. Robert “Tosh” Rudell—who served as the Tooth Taxi dentist for several months in 2010—and the team screened 154 children, delivered in-classroom oral health education to 392 students, treated 13 students on the van and delivered $18,600 in donated dental care.

Tooth Taxi by the numbers.

113 Schools/Sites Visited
8,465 Students Screened
4,825 Students Received In-Classroom Education
27,179 Preventive Services Provided
6,992 Restorative Services Provided

$2,138,272 Total Value of Donated Dental Services

(Figures are as of 12/31/2010, since the launch of the Tooth Taxi in late fall of 2008)

TOOTH TAXI SERVES AT MISSION OF MERCY

Oregon’s first Mission of Mercy (MOM) project was held during Thanksgiving week at the Oregon Convention Center in Portland, serving an astounding 1,554 patients in two days and delivering $829,119 in donated dental care. The Tooth Taxi helped anchor the Pediatric Dental Area at MOM. Many thanks to the Oregon Dental Association for taking the lead on this event, and to the over 1,244 volunteers who reminded us all of the true meaning of Thanksgiving.

Thank You, Dr. Heringer!

Our sincere thanks to Dr. Weston W. Heringer, Jr., upon his retirement from the Tooth Taxi in 2010. Dr. Heringer was instrumental in creating and launching the van and served as its first full-time dentist. He developed many of the program processes including the in-classroom oral health education program and the fluoride treatment card. Often working 14 hour days, Dr. Heringer not only served as the Tooth Taxi pediatric dentist on the van, he regularly drove the van and helped keep it in tip-top running order. Thank you Dr. Heringer for your outstanding work on the Tooth Taxi and for your commitment to underserved children in Oregon.

Thank You,
Dr. Heringer!
OEA Choice Trust representatives, Holly Spruance and Lisa Mahoney work on behalf of the Tooth Taxi, connecting with schools before the actual visit. This helps the schools prepare for a smooth site visit.

We couldn’t do it without them!

The newest member of the Tooth Taxi team, Chanel Kim, poses with a happy patient post-care.

Chanel joined us in November 2010.

Our strategic partner ODS operates the day-to-day clinical operations of the van. Here Tooth Taxi staff Dr. Weston W. Heringer, Jr., Mary Daly, Stephanie Vogl, Dr. Robert "Tosh" Rudell, and James Olcott pose in front of the Tooth Taxi during a rare break in action.

For over 50 years the Children's Dental Clinic has been providing free dental care to low-income, uninsured children living in Jackson County. Last year, the clinic was relocated to a new facility. Thanks to generous donations and grants from numerous organizations such as the Dental Foundation of Oregon, the Children's Dental Clinic was able to remodel the new space, and equip two additional treatment rooms.

During 2010 the clinic provided $353,446 worth of donated dental care to 364 children.

Children's Dental Clinic of Jackson County

$3,000 Advantage Smiles for Kids
Redmond
Funding for dental and orthodontic services for underserved children.

$5,000 Assistance League of Eugene Children's Dental Clinic
Operating support to provide free care to children K-12.

$10,000 Boys & Girls Club of Albany
Funding to help pay for dental supplies for the new free dental clinic.

$4,000 Children's Dental Clinic of Jackson County
Medford
Funding to help purchase two Assistant Instrumentation Units to complete the clinic remodel.

$5,000 Deschutes County Healthy Beginnings
Bend
Operating support for free screening and dental education for children and their families.

$10,000 Friends of Creston Children's Clinic
Portland
Operating support to help with the re-birth of the clinic.

$2,000 Multnomah Dental Society
Portland
Support for their annual Children's Health Fair.

$10,000 Oregon's Mission of Mercy (MOM)
Portland
Operating support for the two-day clinic, and utilization of the Tooth Taxi to anchor the Kid Town Pediatric Dental Area.

$5,000 Virginia Garcia Memorial Health Center
Cornelius
Funding to support the OB Baby Dental Project which seeks to mitigate the serious health risks facing pregnant women suffering from periodontal disease.
Since 1982, the Foundation has provided over one million dollars to support nonprofit dental programs and safety net clinics in Oregon.

The Friends of Creston Children’s Dental Clinic

After nearly 50 years of service, the Creston Dental Clinic lost all of its financial support almost overnight, and was faced with closure. A group of smart, dedicated dentists and community members came together to reorganize the clinic and created a new nonprofit called The Friends of Creston Children’s Dental Clinic. A grant of $10,000 from the DFO helped the group as it sought early stabilization funding. “We are so grateful to the DFO for its support that has helped Creston to remain open,” said Lora Mattson, Executive Director of the Multnomah Dental Society and a board member of the Creston Clinic. “The DFO grant was crucial in helping us pursue our dream and keeping it alive. In just five months, the clinic has already served over 802 students and delivered $219,750 in donated dental care.
Investing in our children.

Recognizing Dr. George “Jim” Darke

The DFO Board of Directors wishes to thank Dr. Darke upon his retirement from the board after 23 years of extraordinary service.

Jim has been instrumental in helping to grow the foundation and bring its message to a broader audience. A past president of the Oregon Dental Association, and a true leader in organized dentistry, Jim helped establish the DFO’s planned giving program—the Cornerstone Society—and he helped build the DFO into the organization it is today with his insightful thinking and commitment to helping those less fortunate.

Our sincere thanks to Dr. Darke.
The Dental Foundation of Oregon would like to THANK EVERYONE for their generous contributions.
