

2014 Chip! for Teeth Tournament raises over \$58,000

Thirty-two teams of players took the field on Friday, June 20, 2014 for the 10th Annual Chip! for Teeth Golf Tournament at Langdon Farms Golf Club to raise funds to support DFO programs like the Tooth Taxi.

Golfers enjoyed breakfast sponsored by Moda Health, purchased their Willamette Dental SuperTickets complete with mulligans, drink and raffle tickets and a chance at a \$100,000 shoot out. Players warmed up at the Premier Community Bank driving range, and enjoyed beverages throughout the day from the Willamette Dental beverage carts. Golf carts were sponsored by US Bank, and photos were sponsored by Emmett Phair

Construction.

Four lucky SuperTicket holders were drawn at random for a chance to win \$100,000 by sinking a shot from 165 yards out on the 18th fairway. Dr. Lane Harris, Jeff Friedhoff, Todd Rocha and Carl Asai were selected to take the shot. Although no one got a hole in one, Carl Asai was closest to the pin, winning a two night vacation getaway.

Following tournament play, guests filed into the Chip! Awards Luncheon, sponsored by Kaiser Permanente. DFO board member and Kaiser employee, Jeston Black welcomed the crowd and kicked-off the awards ceremony.

Congratulations to the low gross winning team of Dr. Lane Harris, Matt Duvall, Bob Kumpula and Brad Liles who shot a blistering 55 to win the event and each player received \$100 and will have

their names included on the highly coveted Chip! for Teeth tournament trophy. The low net winning team members who also received \$100 each, and their name on the trophy, included Dr. Tommy Kolodge, Dr. Todd Hyder, Dr. Michael Minor and Scott Grant.

Other winners include: Consani Closest to the Pin - Carl Asai; Men's Long Drive - Leif Gambee; Women's Long Drive – Tracy Broders.

“Our sincere thanks to all of the sponsors, players and volunteers,” said Charlie LaTourette, DFO Executive Director. “We are incredibly lucky to have such great support from the dental community and so many wonderful companies and individuals who care about improving children’s oral health.”
