Dental Society Dinner/Business Meeting

6:00 p.m. – Social ½ Hour

6:30 p.m. – Dinner & Meeting to Follow

Speaker: Karen Wilson

Topic: **Human Resources 101: Best Practices**

Location: Riverhouse Convention Center in Bend

RSVP email likely to come 4 – 6 weeks before the meeting

Description: Human Resources is a necessary part of most organizations. In this course, you will learn the responsibility of the dental office, the application of best practices and managing HR functions related to: recruiting, hiring, termination, discrimination, payroll, job descriptions, professional development, performance evaluations, contractual agreements, the importance of record keeping, employee retention, disciplinary actions, paid time off, sick leave, risk management, FMLA, employee handbooks, OSHA Safety Regulations, employment posters, general work ethics and online resources.

Educational Objectives: Attendees will gain an understanding of the Human Resources policies, procedures and regulations within the dental practice. These best practices can be applied to federal and state work place actions that will help to protect the company. At the conclusion of this course, attendees will know their responsibility as an owner, managing dentist or office manager and be able to apply standard HR concepts, laws and strategies within the dental clinic. Attendees will also learn their active role in managing people and applying best practices that enable employees to contribute to their highest level and achieve the business goals.

PROVIDER ACCOUNTABILITY AND PERFORMANCE MEASUREMENT

Instructor: Jeff Clark, President of Practice Analytics, LLC

Registration: 5:30 p.m.

Course: 6:00 p.m. – 8:00

Location: Deschutes Brewery Tap Room (1044 NW Bond St. in Bend)

CE: 2 Credit Hours

Tuition: \$49 (Dinner & a Drink Included)

To Register: Call Ziemek Laboratory at 866-943-6357 to register

Sponsor: Ziemek Laboratories

Description: This course focuses on practice management with specific attention to measuring performance of practice providers and holding the team accountable for patient care. We will discuss the production lifecycle, the key drivers of production and what really matters when looking at the health of a practice. Production comes by way of providers, whether they be hygienists or doctors, and monitoring their performance acts as a proxy for overall patient care. It is easy to get distracted by useless information or to become overwhelmed by too much information about the practice. This course will help identify what really matters when it comes to managing your practice.

Educational Objectives:

- Learn the intricacies of the Production Cycle
- Identify metrics that are key drivers of production
- Learn how Utilization and Productivity can uncover opportunities in the practice
- Discuss how practices can track the most important measurements

About the Speaker: Jeff Clark is currently the President of Practice Analytics, LLC. He received his BS in Economics from Brigham Young University and his MBA from Carnegie Mellon University. Before starting Practice Analytics, Jeff spent ten years providing analytical consulting for consumer focused Fortune 100 companies. He then moved into the dental industry leveraging those analytical skills to develop performance measurement tools for a dental group in the Pacific Northwest. Practice Analytics has hundreds of clients across the US and Canada. Jeff currently resides near Portland, OR with his wife and three children.

CULTIVATING CULTURALLY COMPETANT CARE

Instructor: Karen Hall, RDH
Registration: 5:30 p.m. (Registration and Appetizers)
Course: 6:00 p.m. – 8:00
Location: TBA (Bend, OR)
CE: 2 Credit Hours
Tuition: TBA
More Info: CODHAinfo@gmail.com
Sponsor: High Desert Dental Hygienists Association

Description: As Oregon's population is increasingly more diverse, it is imperative for dental providers to develop skills in serving patients from varying population groups. Using popular education activities, attendees will explore and discuss methods to improve cultural sensitivity and communication with patients from diverse backgrounds. By implementing the four C's for cultivating culturally competent care, attendees will gain confidence to use these skills in practice.

Educational Objectives:

- Recognize how Oregon's population is becoming more diverse
- List 8 factors which influence culture
- Identify four alternative oral health practices to heal oral diseases
- Practice communicating cultural sensitivity

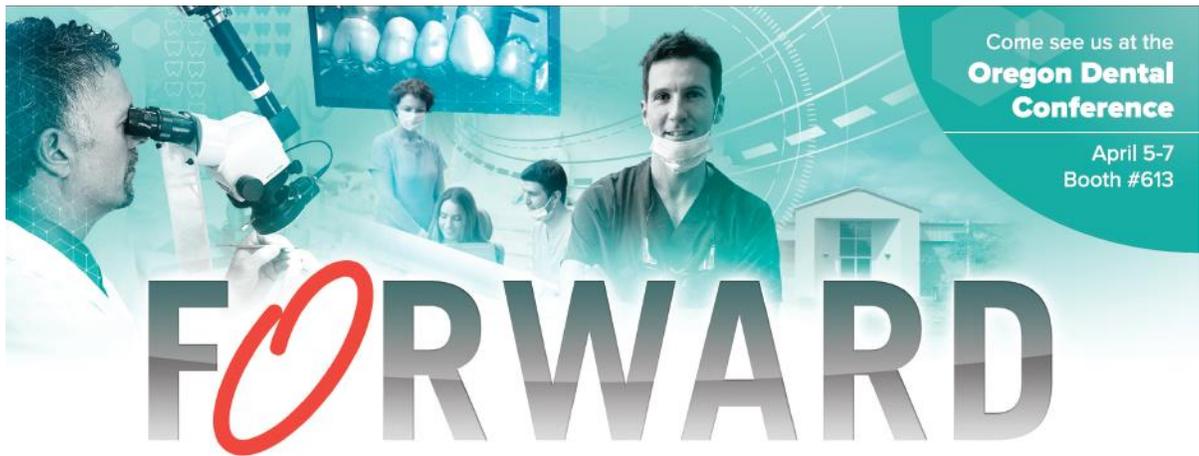

About the Speaker: Karen Hall received her B.S. in dental hygiene from OHSU in 1985. Since then she has practiced in family practices and community health settings. She has been involved in dental hygiene education as a supervisor for clinical rotations at OHSU and Pacific University. Since 2007, Karen has utilized her expanded practice dental hygiene permit to provide hygiene care to patients with limited access to dental care in many different settings. She was employed by Virginia Garcia Memorial Health Center for 8 years treating pregnant women and children in the clinics, and families through school-based health centers. For 6 years, Karen developed and implemented oral health curriculum programs such as First Tooth through the Oregon Oral Health Coalition. Currently Karen contracts with Capitol Dental Care as an Oral Health Integration Manager primarily in the Outreach program. She also contracts with Dental 3 to provide assessments, education and fluoride varnish to young children in child care settings in the greater Portland area.

Letter from Deb Davies, COCC Professor of Dental Assisting

March 23, 2018

As Chair of the Allied Health Department at Central Oregon Community College, I am pleased to announce that Leslie Houston has accepted the job of Assistant Professor of Dental Assisting. Hiring Leslie for this position resulted from my anticipated June 16 retirement as Professor of Dental Assisting.

Leslie is a graduate of our Dental Assisting Program and has been a valued part-time instructor for the past twelve years. Those of you who have participated in our Practicum have had the pleasure of working with her. She is a dedicated instructor who strives to provide the best learning environment possible for her students. Leslie is a great communicator and team player, who excels at public relations and promoting the dental assisting program.

With Lynn Murray as the Program Director and Leslie Houston as Assistant Professor of Dental Assisting, I leave the program, after twenty years of employment, in good hands!

Sincerely,
Deb Davies
Professor of Dental Assisting
Allied Health Department Chair

Central Oregon Dentist's Relationship with Stormy Daniels Comes to Light

The recent political scandal involving President Trump and Adult Film Actress Stormy Daniels seems to have a Central Oregon connection involving avid golfer and retired dentist, Dr. Seymore Bunns. Newly released court documents seem to show an alleged relationship involving Dr. Bunns and Stormy Daniels to have started during a 2007 Charity Golf Tournament in Sunriver. Details of the relationship are slowly surfacing as Trump defense team Attorneys are building a case against Stormy Daniels, which demonstrates multiple relationships with a large number of wealthy, successful and generally unattractive businessmen, which eventually ended in a monetary or other type of money or goods being given the gifted actress.

Multiple efforts by this publication to contact Dr. Bunns for further comment were unsuccessful, as he historically goes down to Mexico during this time of year to celebrate Spring Break with College Students. According to Trump's defense team, Dr. Bunns provided twelve (12) Porcelain Veneers and a Nightguard to Stormy Daniels during their time together.

Donations of Expired Amalgam or an Extra Amalgamator for COCC Dental Assisting Program

Do you have any expired amalgam? Or an extra Amalgamator that might be hanging around the office?

COCC's Dental Assisting Program can use it! The Commission on Dental Accreditation requires the placement of amalgam restorations be taught, so we can use those donations for student practice. Thank you for supporting the Dental Assisting Program!

Please contact Lynn Murray at COCC and we can arrange for pick-up or simply drop off at the COCC Dental Assisting Program building.

Thank you,

Lynn

Apr. 20 Bear Creek Elem.	
Apr. 23 Highland Elem.	

Please feel free to encourage your dental assistants and/or hygienists to contact us if they are available to volunteer for any of the dates above. Contact Debbi Smith at 541 617-1653 for details - this is a massive effort and we welcome the dedicated support of our dental community:

FEBRUARY – GIVE KIDS A SMILE (GKAS) MONTH: Thanks to several organizations and dental offices that helped us recognize Give Kids a Smile Month (included in the Bulletin list above). In addition, special thanks to the COCC Dental Assistant Program, Westside Pharmacy and Rose Pharmacy for their Smile Drive collections (toothbrushes, etc.).

BRIGHTER SMILES CAMPAIGN – (whitening fundraiser - STARTS NOW): THIS YEAR, KEMPLE CLINIC HAS RECEIVED A MATCHING CHALLENGE GRANT OF \$20,000 FROM MAYBELLE CLARK MACDONALD FUND. This fund will match the dedicated whitening fees collected from the Brighter Smile Campaign up to \$20,000. This is a wonderful opportunity to receive double the benefits from the Brighter Smile Campaign.

Thanks to all the dentist offices that are already scheduling appointments for the **May-June** Brighter Smiles fundraiser (Whitening at the reduced price of \$200). Those of you who want more information and/or whitening product/posters delivered to your office – please contact the Kemple Clinic at (541) 617-1653 as soon as possible. We will come to your office and brief your staff and get you started with the event. PLEASE SEE OUR DENTIST OFFICE TOOL KIT ON THE KEMPLE WEBSITE: <http://kempleclinic.com/events/brighter-smiles-campaign/> Scroll down to the Tool Kit For Participating Dentists where you will find posters that can be downloaded and used in your offices - – one advertises the campaign in general and one advertises that your office is participating. There is also a Facebook content that you can place on your Facebook page. (we will use the same tool kit as 2017).

We strive to make the Brighter Smiles Campaign effortless and simple for you to manage. Here is what you can expect from us in terms of resources, promotions and special perks:

KEMPLE CLINIC WILL PROVIDE:

1. Whitening product at no cost to you (8 syringes, tray case, etc.) – **WE WILL DELIVER THESE TO YOU**
2. 8X10 posters to display in your office announcing your participation - **WE WILL DELIVER THESE TO YOU & YOU ALSO CAN ACCESS VIA OUR WEBSITE <http://kempleclinic.com/events/brighter-smiles-campaign/>**
3. A JPEG image of the poster for you to post on your Facebook or Web Page – **ACCESS VIA OUR WEBSITE <http://kempleclinic.com/events/brighter-smiles-campaign/>**
4. Smaller informational flyers to hand out to your patients- **ACCESS VIA OUR WEBSITE: <http://kempleclinic.com/events/brighter-smiles-campaign/>**
5. A sample email that you can send to your patient lists announcing your participation- we will email it to you.

YOU WILL ALSO RECEIVE THESE ADDITIONAL INCENTIVES:

1. Three separate advertisements in various media/news outlets that both encourage patient participation and will list the participating dentists during May and June.
2. Ongoing mentions on our website and Facebook page acknowledging the participating dentists.
3. Public Service Announcements, postcards distributed to retailers (e.g., wedding planners, photographers, beauty consultants, cosmetic surgeons, dermatologists, etc.) and posters around town announcing the Brighter Smiles Campaign.
4. A free in-office luncheon for the top three offices with the greatest patient participation.

If you do not provide whitening services, please advertise the Brighter Smiles campaign anyway and, if appropriate, refer your patients to those dentist offices that are participating. And, if you do not participate in whitening, as an option, we would appreciate your monetary donation to cover advertising and product costs – any donation will be helpful.

***Common Sense, Practical, Practice Management
Advice for Dental Professionals
The All-Knowing, All-Seeing, GURU of Everything Dental & Mental***

Dear Dr. Rupert

(Please submit your questions, comments or disgruntled remarks to DearDrRupert@yahoo.com)

Dear Dr. Rupert,

My Hygienists and Assistants recently attended a Dental Ergonomics Class and are telling me that their work stools, rooms and instruments are not as ergonomic as possible, and are thus contributing to some back, neck and shoulder pain that they are all experiencing. I did some research of my own and discovered that it's going to take about \$7,000 worth of improvements in each one of my 5 operatories to upgrade and improve the current workplace into a more ergonomic and user friendly arrangement.

I don't know what to do? Allow their pain to worsen over time or invest all that money!

Signed, Need Some Guidance

Dear Need Some Guidance,

And why did you write the check for your Staff to attend a Dental Ergonomic Class again? Are you insane? You should be writing checks for your staff to attend customer service and patient care type classes, not 'Emotional Well-Being' type stuff!!

You're going about this the wrong way! You have to stand firm and hold your ground when it comes to this Ergonomic 'Fake News'. I personally have taken a couple of different approaches when staff has approached me about their rooms or equipment not being ergonomic designed.

The main thing I do is I ask them if they ever workout, exercise or go to a gym? Almost 100% of the time, everybody claims to workout or exercise every once in a while. I then ask them if their muscles are a little sore from lifting weights, riding their bike, hiking, swimming or whatever it is they might do for their workout? The obvious answer to that question is also a resounding 'yes'. You're supposed be a little sore from any decent workout or exercise ... you're supposed to feel a little something after a good workout ... that's how you know you actually worked out and pushed yourself.

So I then tell my staff that the little bit of soreness or pain that they're feeling in their back, neck, shoulders or arms is actually a good thing; because it's a signal from their body that they are getting a good workout! I go on to tell my staff that their back, neck, shoulders and arms are all actually getting stronger and building muscle, and to keep up their daily workouts, if they want to keep getting stronger and healthier. My high school wrestling coach said it best, when he told us during the weight lifting portion of our practices ... "No Pain, No Gain"!

You see, it's all in how you say it. If you twist the words enough and say it enough times, it'll become the accepted truth. It works in politics and it'll work in our little corner of the world. The bottom line is that you are not responsible for giving everyone a so-called ergonomic place to work. You are responsible for paying the staff for doing the work you have asked them to do. If the staff wants different chairs, stools or instruments than the ones you believe in or have in your office; encourage them to save their money and to buy one themselves. Tell them they can take their equipment with them when they leave your office! If they really believe in that stuff, they'll put their money where it counts.

Do not be made to feel guilty or bad that someone else is sore or aching after work. They just need to hit the weights a little harder and build up those muscles groups, so they're not quite so sore!

Glad I could help,

Dr. Rupert

PRACTICE OPPORTUNITY IN BEND

Fun and Excellence is yours.

No insurance contracts, no roller skates, it feels good here.

I love what I do, figured some things out, have grown it for a while [46 years] and ... it's time to transition.

Spring days, teaching opportunities, toys are calling ... and each hour is precious.

This practice is simple, fun and rewarding. It's about excellence and health, actually taking care of people.

We focus on healthy care and on fixed prosth from diagnosis through any implant care to complex reconstruction.

Yes, I teach that stuff, and would help get you up to speed ... may be worth a residency or two. I can't teach essentials like 'caring' or respect for 'process'.

Would rather this jewel land in the hands of an already local Dr. than import one more to our mix ;~}.

Am happy to work/mentor as requested until purchaser is and feels competent/confident.

Let's talk about it: Tad at 541-410-0285; tad@mastersofdentistry.net

1800 sq./ft. stand-alone office building available for lease/rent located at 551 NE Greenwood Ave. in Bend. Highly usable, versatile space could be used for various business types (previously a dental office). Parking lot included. If interested, please contact 949-228-7299 or 541-480-7048.
